

INFORMATION SHEET

ALL PERMITS (ZONING AND BUILDING):

A Plot Plan of the Property with the following information as per Monaghan Township Zoning Ordinance:

701.2. Application for All Zoning Permits:

1. Applications shall contain a general description of the proposed work, development, use or occupancy of all parts of the structure or land and shall be accompanied by plans in duplicate with sufficient detail to demonstrate compliance with this Ordinance which may include:
 - A. Actual dimensions, shape and acreage of lot to be developed;
 - B. Exact location and dimensions of any structures to be erected, constructed and altered or uses to be established;
 - C. Existing and proposed uses, including the number of occupied units, businesses, etc., all structures are designed to accommodate;
 - D. Off-street parking and loading spaces and outdoor display or storage areas;
 - E. Utility systems affected and proposed, including, but not limited to, any alternate on-lot sewage disposal system sites as required under Section 316 of this Ordinance;
 - F. Other proposed alteration of any improved or unimproved real estate;
 - G. The number of anticipated employees;
 - H. Any other lawful information that may be required by the Zoning Officer to determine compliance with this Ordinance; and,
 - I. Copies of any applicable approved subdivision or land development plans; and,
 - J. For the construction of principal use structures, a grading plan illustrating existing and proposed grades through the use of topographic contours and/or spot elevations. Elevations of existing watercourses, drainage ways, storm sewer facilities and general land topography and elevations of proposed finished floors of structures and door locations shall be identified.
2. If the proposed development, excavation or construction is located within the Floodplain Zone, the following information is specifically required to accompany all applications, as prepared by a licensed professional engineer:
 - A. The accurate location and elevation of the floodplain and floodway;
 - B. The elevation, in relation to the National Geodetic Vertical Datum of 1929 (NGVD), of the lowest floor, including basements;

- C. The elevation, in relation to the NGVD, to which all structures and utilities will be flood proofed or elevated; and,
 - D. Where flood proofing is proposed to be utilized for a particular structure, the zoning permit application shall be accompanied by a document certified by a licensed professional engineer registered by the Commonwealth of Pennsylvania, or a licensed professional architect registered by the Commonwealth of Pennsylvania certifying that the flood proofing methods used meet the provisions of Section 206.10.3. of this Ordinance.
3. Where the proposed construction is located on a lot created by a subdivision and/or land development plan which is subject to the provisions of the Monaghan Township Stormwater Management Ordinance, the applicant shall establish a performance guarantee in the amount approved by the Township to cover the cost of constructing on-lot stormwater management facilities and the fee for the Township Engineer to examine and approve the completed facility. Such guarantee shall be released upon the request of the applicant and approval of the Township in accordance with the provisions of Section 502.2 of the Subdivision and Land Development Ordinance.

The following information is required for applications for building permits only:

Three (3) complete sets of building plans, specifications, and related documents, including:

- Copy of the Sewer Connection Permit or the On-Lot Septic Permit** for new dwellings or renovations which propose an increase in the number of bedrooms.
- Foundation Plans** (including basements/crawl spaces/decks/etc.) – show dimensions and locations of all footings, foundation walls, and other support structures, including steel beams. Steel beam design must be signed and sealed by a professional engineer.
- Floor Plans** (including basements/crawl spaces/decks/etc.) – show dimensions of all rooms, corridors, and spaces and location of all smoke detector(s). Identify the size and direction of swing for all doors and the type of fire door assemblies where required by the building codes. Show location(s) of all windows with sizes and glazing, sizes of ventilation openings, and clear openings for emergency escape.
- Elevations of all Sides of the Building** or structures with dimensions, location of finished grade and building heights.
- Typical Sections** and with complete structural details of wall, floor and roof systems.
- Energy Conservation (Insulation) Specifications** and calculations, including, proposed method of complying with the UCC and “R” and “U” values of each wall, door and window assembly.
- Mechanical Plans**, including pipe and duct sizing, vent/return locations, and HVAC equipment specifications.
- Electrical Plans**, including outlet, switch, and fixture locations. GFI and AFI locations must be identified.
- Plumbing Plans**, including pipe sizing, vent locations, hot water heater specifications.
- Manufacturer’s Drawings for Engineered Systems**, such as roof and floor trusses, TJI’s, microlam beams, etc. Truss drawing must be signed and sealed by a professional engineer.
- Plans must be complete and drawn to scale (not less than 1/8” equals one foot).**

SUBMISSION REQUIREMENTS FOR RESIDENTIAL ZONING AND BUILDING PERMIT APPLICATIONS

Permit and Inspection Fees will be collected at the time of permit issuance. Permit fees are based on the fee schedule resolution and are generally calculated as follows (round up all construction costs to the next \$1,000):

Residential Zoning Permits (including sheds and detached garages under 1,000 S.F., fences, paving of existing driveways, non-structural renovations of existing structures including finishing of basements):

Zoning Permit Administration Fee	\$ 30.00 plus
New Principal Use	\$100.00
Change to Principal Use	\$100.00
New Accessory Use	\$ 30.00
Change to Accessory Use	\$ 30.00
Certificate of Use	\$ 25.00

Residential Building Permits (including all new dwellings or additions, renovations with structural changes, swimming pools or spas, accessory structures over 1,000 S.F.):

Building Permit Administration Fee	\$ 55.00 plus
(Remittance to Commonwealth of \$4 per Building Permit is included in Building Permit Administrative Fee.)	
Building Permit	\$10.00 plus \$2.00/thousand, or portion thereof, of construction value with a minimum of \$100.00
Extension fee for additional year	\$55.00
RAS Inspection Fees are Additional	

REVIEW TIME FRAME:

Applications and plans will be reviewed on a first come, first serve basis. Permits will be issued as promptly as possible. New residential construction as well as commercial and industrial construction may require additional time. Every effort will be made by the Township staff to expedite permits in an efficient and timely manner. Construction documents submitted for building regulated by the Uniform Construction Code (PA Act 45/1999) will be reviewed within 15 working days or less for one and two family dwellings and within 30 working days or less for others. If residential permit drawings have been prepared by design professionals who are licensed or registered under the laws and regulations of the Commonwealth and the **application contains a certification by the licensed or registered design professional that the plans meet the applicable standards of the Uniform Construction Code and ordinance as appropriate**, action shall be taken within five business days of the filing date.

IMPORTANT! PLEASE READ

**A BUILDING SITE STAKE-OUT INSPECTION IS REQUIRED PRIOR TO CONSTRUCTION.
CONTACT TOWNSHIP ZONING OFFICER FOR INSPECTION A MINIMUM OF TWO BUSINESS
DAYS BEFORE CONSTRUCTION COMMENCES.**

**A CERTIFICATE OF USE AND OCCUPANCY IS REQUIRED FOR ALL STRUCTURES BEFORE
USE OR OCCUPANCY. UPON COMPLETION OF THE REQUIRED BUILDING INSPECTIONS,
THE BUILDING INSPECTOR SHALL PERFORM A FINAL INSPECTION FOR THE ISSUANCE OF
THE CERTIFICATE OF USE AND OCCUPANCY.**

GENERAL NOTES:

- A. Plans and documents that are not legible **will not be accepted.** Incomplete applications and documents **will not be accepted.**
- B. Permit fees will be calculated and are collected at the time of permit issuance. A permit will not be issued until complete fees are paid.
- C. Refunds – In the case of non-issuance or a revocation of a permit or abandonment or discontinuance of a building project (prior to construction); the cost of work performed under the permit shall be estimated and any excess fee for the incomplete work shall be returned to the permit holder upon written request; except that all plan examination and permit processing fees and all penalties that have been imposed on the permit holder under the requirements of this code shall be first collected. Moreover, no such excess fee shall be refunded after construction commences, nor hereunder unless said written request is received by the Township before the earlier of thirty (30) days following said revocation, abandonment or discontinuance (as the case may be) or one (1) year from the date of issuance of said permit.
- D. Permit applications, plans, and documents that were submitted may be picked up at the Township office within ten (10) days after a permit is denied. Plans, documents, and applications not picked up within ten (10) days following a permit being denied will be disposed of. The Township will retain one copy of all documents in accordance with state records laws.

THIS IS ONLY TO BE USED AS A GUIDE. REVIEW THE ZONING ORDINANCE AND UCC PRIOR TO SUBMITTING AN APPLICATION.

**STATEMENT REGARDING EARTH
DISTURBANCE ACTIVITY**

The total area of earth disturbance on the site will be: _____.

The total area of impervious (buildings, pavement, patios, etc.) and semi-impervious (stone pads or driveways) improvements will be: _____.

I understand that all earth disturbance activities must maintain Best Management Practices (BMP's) to minimize Erosion and Sediment Runoff (E&S), at the construction site. A written plan may be required to be present on the site. I also understand that a National Pollutant Discharge Elimination System (NPDES) permit will be required from York County Conservation District for earth disturbance activities of one (1) acre or more. Earth disturbance includes, but not limited to, site clearing, construction of buildings, driveways or access roads, utility lines, soil stockpiling, etc. Further information may be found at the Department of Environmental Protection website www.dep.state.pa.us or York County Conservation District www.yorkccd.org.

A Stormwater Management Permit, in accordance with Ordinance No. 83, shall be required for new impervious or semi-impervious surfaces in excess of 2,500 square feet.
